

# It's time to take iMIS to the Cloud

Ready to supercharge your iMIS system?

## Why iMIS Cloud

- iMIS Cloud empowers you to connect with your members, donors, and other constituents on any device.
- iMIS Cloud eliminates the need for costly IT overhead since it is powered by Microsoft Azure, offering unparalleled reliability, scalability, and security.

## Why Velosio

- As a top iMIS Solution Provider since 2005, Velosio's team understands what iMIS users need to do for the iMIS Cloud transition. Now is the time to prepare.
- Velosio is a Microsoft Gold-Certified expert and is at the forefront of transitioning iMIS clients to the cloud.
- Velosio's technology and project management team stands ready to help you accelerate and extend iMIS to improve performance.
- Agility to address the unplanned: Velosio's experts have been helping clients integrate iMIS with online event tools so they can host their once in-person events online.
- Formerly known as BroadPoint, Velosio is an award-winning iMIS Partner.

## Why Choose Velosio to Accelerate iMIS?

### Not-for-Profit Expertise

Velosio is a leading provider of technology consulting and business application solutions and services. Our experts have worked with hundreds of not-for-profit organizations, including membership-based associations and nonprofit institutions across the United States.

### Microsoft Connections

As a Gold-certified Microsoft Cloud Partner, Velosio is perfectly positioned to provide expertise on your Microsoft Azure powered iMIS implementation, Microsoft 365 applications, and Power Platform. We also offer Cloud Managed Services to support you

### Long-Term Experience

Since 2005, our experts have been supporting our clients to extend and integrate applications with iMIS Software. And we continue to innovate.

### Results

We help clients increase member engagement, elevate financial performance, and gain mission-critical intelligence.

**VELOSIO IS ONE OF THE ONLY GOLD-CERTIFIED MICROSOFT PARTNERS THAT'S ALSO A TOP IMIS PROVIDER**

Sign up now for our iMIS Usability Assessment. Our experts will evaluate your fit for the Cloud and share opportunities to integrate iMIS with Microsoft applications like Power BI, SharePoint, and Microsoft 365 (including Outlook, PowerPoint, and Microsoft Teams)
