

we can solve it.

AMAZON.COM HAS NOTHING ON US ONLINE MARKETPLACE

<https://www.atsol.org/onlinemarketplace>

GREAT THINGS ARE IN STORE

Give your members the smooth, sophisticated shopping experience they've come to expect online through the ATS Online Marketplace. With complete iMIS integration, our exceptional e-store expands the platform's functionality to ensure fast, user-friendly membership renewal and dues payment, event and webinar registration, donation processing and product purchases

HIGHER REVENUE & HAPPIER CUSTOMERS

Incorporate our Online Marketplace into iMIS Public Views or replace the functionality of Public Views altogether.

Either way, it delivers all the features you need to:

- Create custom categories
- Cross-sell, upsell and support star-rankings and user reviews that can then be posted to social media
- Accept coupons, discounts, gift cards, credit cards and ACH payments
- Give members access to account information, history, printable invoices, dues history, receipts and more
- Connect events with members' Outlook calendar and Google maps

It also mines your members' data and shopping habits to help you better understand, serve and sell to them all while building your brand via integration with your association's website and marketing strategy.
